## DashCam Plus

DashCam Plus is an all-in-one driving recorder designed for safe driving assistance. It not only has the functions of an ordinary driving recorder, but also supports related functions of intelligent driving assistance. It has the advantages of simple installation, comprehensive functions, and convenient use.

**Record  
high-definition  
video integrated  
with FleetMovil rules  
and driver coaching.**

### Event Detection

Our dashcam features advanced event detection capabilities, automatically recording and saving footage when it detects sudden accelerations, harsh braking, or collisions.

### Driver Behavior with AI

The Dashcam Plus utilizes AI to detect driving events and alerts drivers while uploading events for fleet managers to review and provide coaching for safer driving.
